zona will soon become a State. the Republican party at present in power beware of Democratic dodges to saddle upon them the responsibility of creating circuit courts or similar uscless concerns.

THE action of the House in providing five copies of each paper published in the Territory to each member of the legislature during the session was a fitting tribute to the worth and value of the press in aiding in the development and advertising the resources of our Territory during the past two years. It is but a very meager allowance for the labor performed but it shows a progressive spirit to exist among the members of the fifteenth legislature which is most commendable.

A Washington special to the Globe-Democrat says: It is understood that the Republican Senators, as well as platform prescribing that only bona by the House, fide residents of the Territories shall be appointed to Federal positions therein. That is, that they shall be persons who vote and pay taxes there. and who were voters there at the last election. This rule, if carried out, will exclude a number of ambitious aspirants who, since the result of the election is known, have been arrangselves, as they suppose, under the "home rule" plank.

If the bill must pass, let it be only with the home-rule provise that all the officers of the same be made electors.-Star.

THE Supreme Court of the Territory as it is now constituted, is a parody on justice. If any one will stop to think or consider for a moment the absurdity of three men of-in nine cases out of ten-less than average intelligence, cion that Germany has already sent San Pedro St., Benson, Ariz. deciding a case in which the reputation of one of them, who has decided the same case in a lower court, is at stake, he cannot but be convinced that that has been decided in the same manner as in the court below. Not a single judgment has been reversed. twice. Why then should a Judge be allowed this privilege? It would be wiser for the Legislative Assembly to petition Congress to remedy this evil by the appointment of a fourth Judge as has been done in other Territories, than to seek to make the evil still more conspicuous by the passage of a circuit court bill.

Are constantly exposed to danger from Colds, Whooping Cough, Cronp, and diseases peculiar to the throat and lungs. For such ailments, Ayer's Cherry Pectoral, promptly administered, affords speedy relief and cure.

As a remedy for Whooping Cough, with which many of our children were afflicted, we used, during the past winter, with much satisfaction, Ayer's Cherry Pectoral. For this affection, we consider this preparation the most efficacious of all the medicines which have come to our knowledge.—Mary Parkhurst, Preceptress, Home for Little Wanderers, Doncaster, Md.

My children have been psculiarly subject to attacks of Croup, and I failed to find any effective remedy until I commenced administering Ayer's Cherry Pectoral. This preparation relieves the difficulty of breathing and invariably cures the complaint.—David G. Starks, Chatham, Columbia Co., N. Y.

I have used Ayer's Cherry Pectoral in my family for many years, and have found it especially valuable in Whooping Cough. This medicine allays allirritation, prevents inflammation from extending to the lungs, and quickly subdues any tendency to Lung Complaint.—J. B. Wellington, Plainville, Mich.

I find no medicine so effective, for Croup and Whooping Cough, as Ayer's Cherry Pectoral. It saved the life of my little boy, only six months old, carrying him safely through the worst case of Whooping Cough I ever saw.—Jane Malone, Pincy Flats, Tenn.
